

Redis Eats Cancellation Policy

Overview

We understand that plans change. This document explains when and how you can cancel a Redis Eats order, what fees may apply, and how cancellations affect your refund.

Cancellation Window

Order cancellations are time-sensitive. The ability to cancel depends on where your order is in the preparation process:

Order Status	Cancellation Available	Refund
Order placed, restaurant not yet confirmed	Yes — full refund	Full refund to original payment
Restaurant confirmed, preparation not started	Yes — full refund	Full refund to original payment
Restaurant has started preparing the food	Limited — see below	Partial or no refund
Order picked up by driver	Not available	No refund
Order delivered	Not available	See Refund Policy

How to Cancel

1. Open the Redis Eats app.
2. Go to Active Orders.
3. Select your order and tap Cancel Order.
4. Confirm the cancellation.

If the Cancel Order option is not available, the order has progressed to a stage where cancellation is no longer possible through the app. Contact Redis Eats Support immediately for assistance.

Cancellations After Preparation Has Started

If a restaurant has already begun preparing your food, cancellations may result in a partial or no refund. This is because the restaurant incurs costs when food preparation begins. In these cases:

- You will see a message indicating the refund amount before confirming the cancellation.
 - Redis Eats Credit may be offered as an alternative to a partial refund.
-

Restaurant-Initiated Cancellations

Occasionally, a restaurant may cancel your order due to:

- Being too busy to fulfill the order in a reasonable time.
- Running out of a key ingredient.
- Technical issues on the restaurant side.

In all cases where a restaurant cancels your order, you will receive a full refund to your original payment method within 3–5 business days, or as Redis Eats Credit within 1 business day.

Driver-Related Cancellations

If no driver is available to pick up your order within a reasonable window, Redis Eats may cancel the order on your behalf. You will be notified immediately and receive a full refund.

Repeated Cancellations

Accounts that show a pattern of repeated cancellations after food preparation has started may be subject to a cancellation fee on future orders. Redis Eats will notify you before applying any such fee.

Contact Support

For cancellation questions or assistance with an order that cannot be canceled through the app, contact Redis Eats Support in the app or at support@rediseats.example.com.
